**To the Aylmer Police Services Board  
and the citizens of Aylmer**

I have the honour of presenting my thirteenth annual report outlining the activities and services performed by the men and women of the Aylmer Police during 2007.

Constable Larry Dickson retired in December after achieving over Forty-one years in policing. Over thirty-eight years with Aylmer. Constable Dickson was replaced by Constable Nick Novacich, who comes to us with over twelve years of policing experience

The Aylmer Police continues to build on our partnerships with several community organizations to provide support to our citizens that find themselves victims of crime or involved in the judicial system. We continue to benefit from our agreement with the O.P.P. and St. Thomas Police for prisoner transports. One of our Special Constables is also assisting with our training needs, utilizing his expertise as a former Ontario Police College instructor.

The Aylmer Police are still benefiting from the Community Partnership Program administered by the Ministry of Community Safety and Correctional Services, which is offsetting the cost of one Constable. We continue an enforcement initiative with MTO and OPP. This initiative has greatly reduced the number of unsafe tractor-trailers travelling through Aylmer.

The Aylmer Police have completed the twelfth year of our community-based ***Adopt a School*** program of making periodic visits to the schools in Aylmer. We continue to support community based policing, through our efforts of maintaining the goals and objectives, as set out in our Business plan. 2007 marks the first year of our current three-year business plan. Goals and objectives are being reassessed on an on-going basis.

A special thank you to our other Ontario Police Service partners and the Ontario Police College for their assistance, in helping us reach our training needs. We continue to participate with the O.P.P. in Defensive Tactics and In-Service training, utilizing O.P.P. and our own training officers. This continues to assist us in meeting our training needs in the most economical manner. The Aylmer Express has also offered several of the photos included in this report,

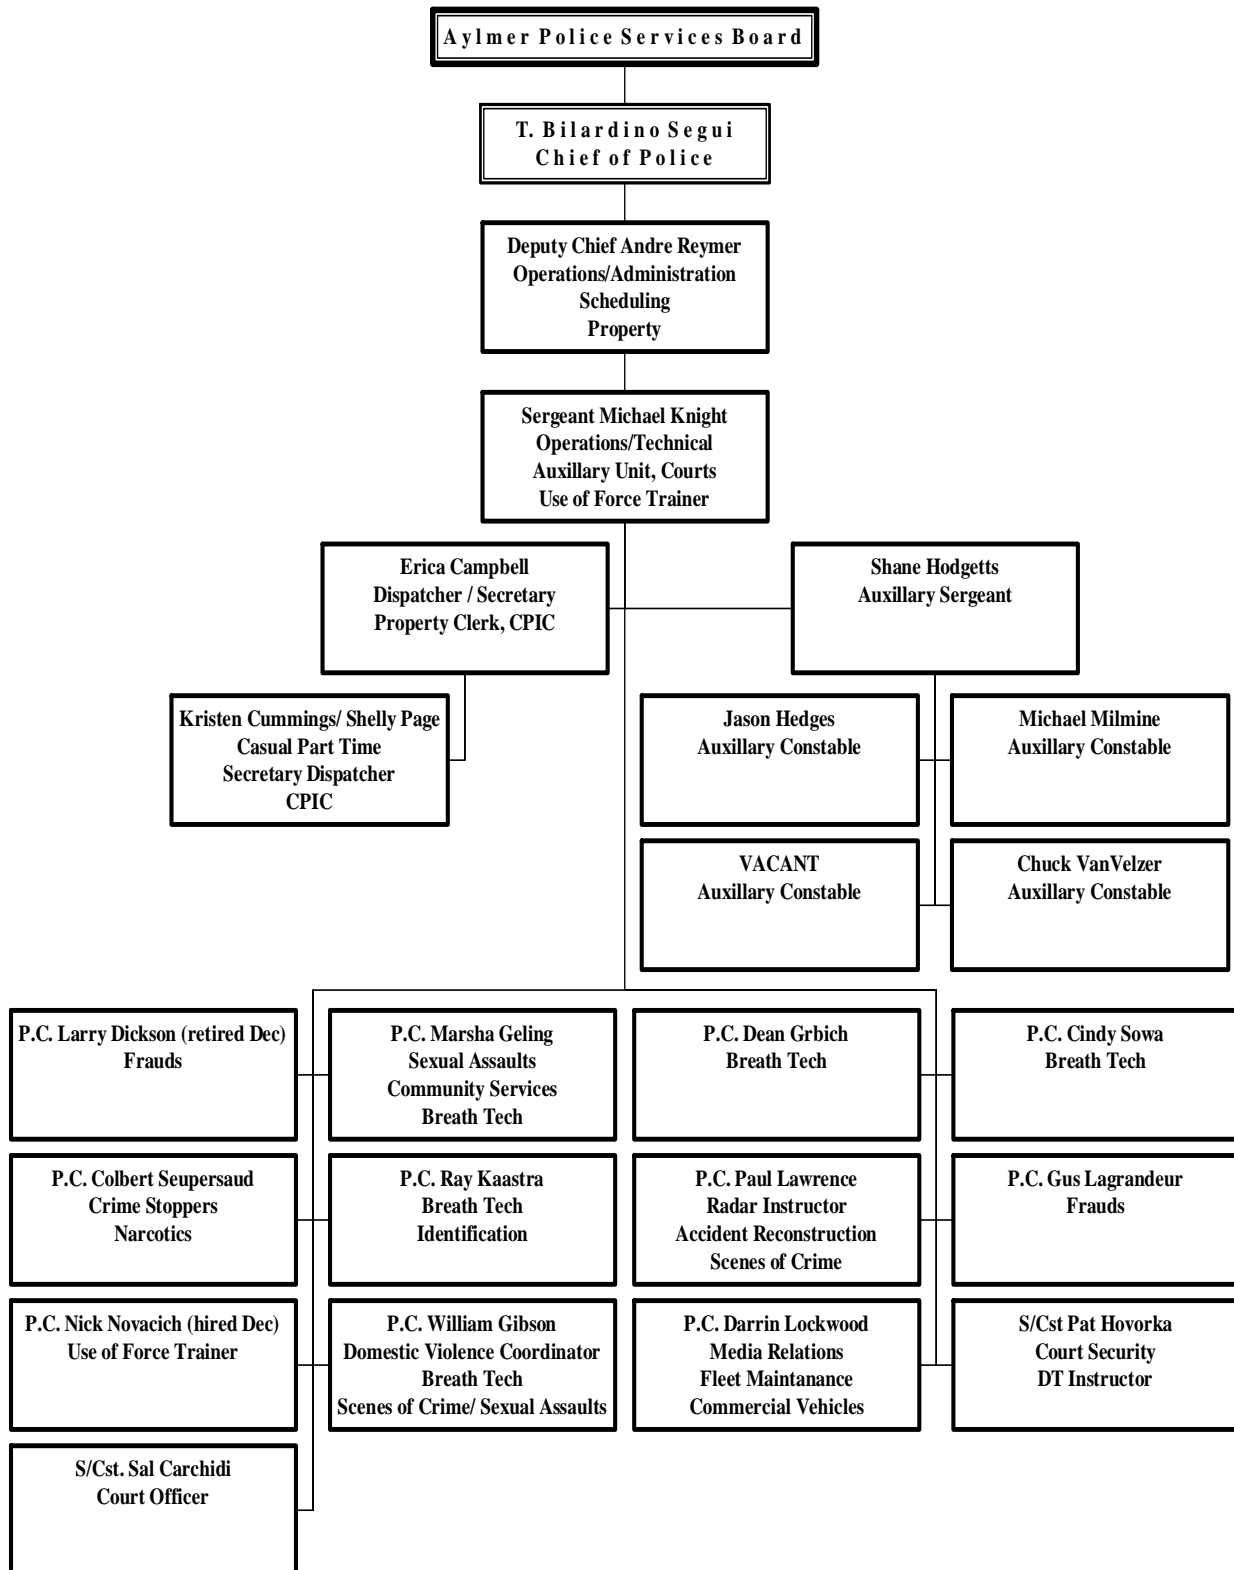

I would like to acknowledge the support and effort of the Aylmer Police Association, the Aylmer Police Auxiliary unit, the Aylmer Police Advisory Committee, the Aylmer Police Services Board, and Aylmer Town Council have provided. It is through their diligence and hard work that we continue to provide community based, adequate and effective policing for the citizens of Aylmer.

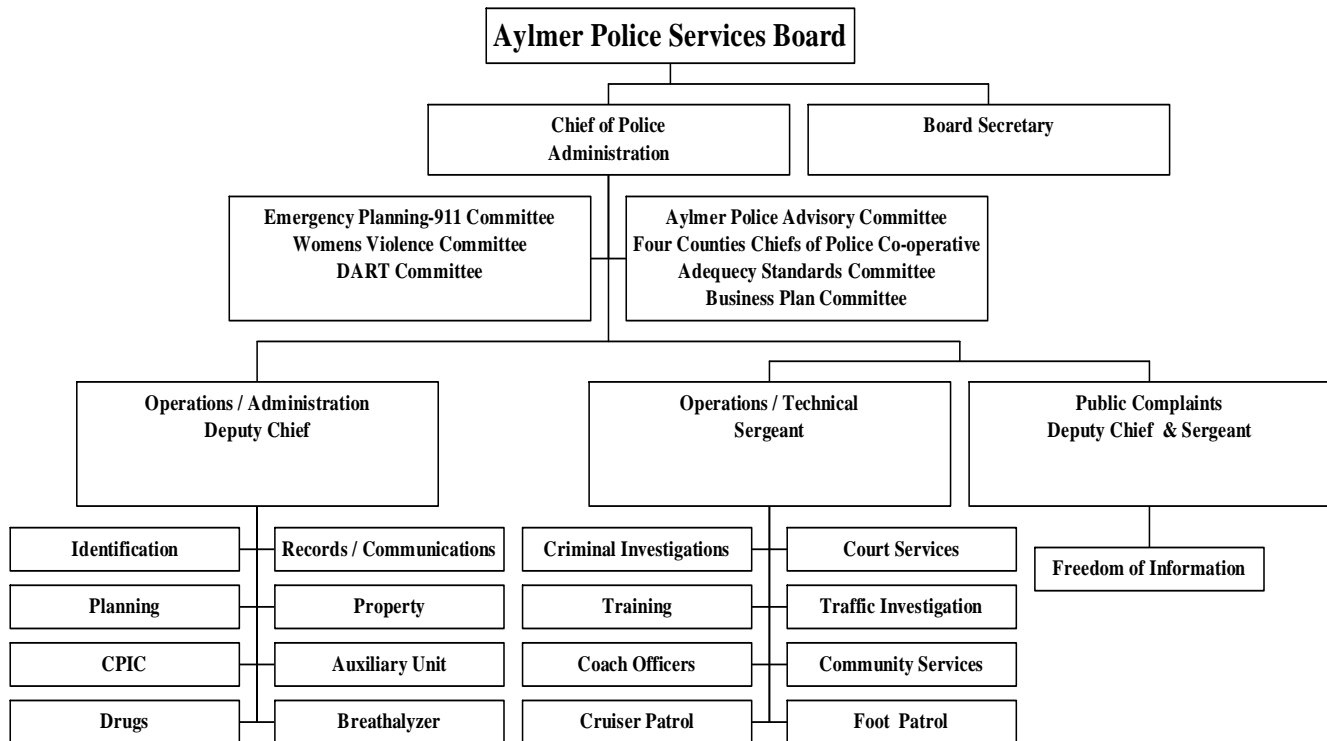

Respectfully submitted,

Bil Segui  
Chief of Police

Aylmer Police, 2007

2007 marked the beginning of a fully functional provincially integrated Digital Mug shot System (DMS). Police services, including Aylmer, can now share photographs of charged and convicted persons through a system wide database. National standards for indexed photographs will greatly assist in locating or identifying persons of interest to Police, whether Missing, Wanted, Suspect, Convicted or Dangerous to the Public.

Cst Nick Novacich, an experienced Scenes of Crime Officer joined the Aylmer Police and Ident team late in the year, bringing with him knowledge and skills developed in Woodstock, Guelph and St Thomas.

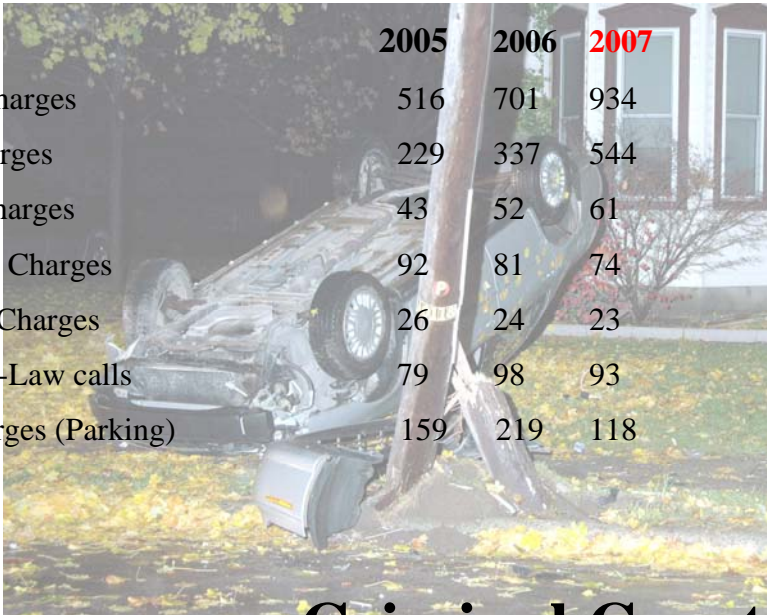

In addition to assisting in the majority of criminal investigations, from photographing scenes to collecting evidence and processing exhibits; the Ident unit also documents community and volunteer events such as parades, fundraisers and departmental milestones.

## **Municipal Freedom of Information and Protection of Privacy Act (F.O.I.A.)**

The *Municipal Freedom of Information and Protection of Privacy Act* provides citizens with a right of access to records within the custody or control of all municipal public sector organizations, including Police Services. Access to these records is not absolute. There are certain mandatory and discretionary exemptions, which are applied. Details about the operation of the *Act* and interpretations of the 10 exemption provisions can be found at the Web site of the Office of the Information and Privacy Commissioner (the IPC) [www.ipc.on.ca](http://www.ipc.on.ca) . The Aylmer Police routinely processes requests from the public for access to records either of a personal nature or information in general. Deputy Chief Andre Reymer and Sergeant Michael Knight are designated as FOIA officers.

The Aylmer Police processed **five requests in 2007**. One was of a request for General Information and the remaining four were a request for Personal Information. All were processed with disclosure provided to varying degrees.

## **Aylmer Police Auxiliary Constable Program**

The Aylmer Police continues to incorporate the Auxiliary Unit to complement its staffing numbers. Auxiliary members assisted in general patrol, parade duties, maintaining security at crime scenes, guarding prisoners, providing guided station tours, assisting with Police Week Open House and displays, as well as helping with the Annual Torch Run for Special Olympics.

- Auxiliary training was suspended for 2007 due to staffing shortages of regular service members. Training will resume in 2008 with the addition of a second Trainer. Constable Nick Novacich will assist Sergeant Knight with the program.
- Shane Hodgetts continues to act in the capacity of Sergeant of the Auxiliary Unit. Jason Hedges, Mike Milmine, and Chuck VanVelzer continue to serve in the unit with professional enthusiasm.
- Sal Carchidi resigned in 2007 after accepting a permanent position of employment as Special Constable with the Aylmer Police. Sal Carchidi accepted the role of Court Officer and becomes yet another example of success for employment opportunities for members of the Unit.
- The Aylmer Police continues to be a member of the Auxiliary Co-Coordiators Committee. The Committee expanded once again to include further members from Police Services throughout Ontario. Quarterly meetings have allowed Aylmer to network with other Auxiliary Units and enjoy the opportunity to expand on training and operational issues. Participation also allows for standardizing the Unit with the rest of the Police Services within the Province. Sergeant Knight and Auxiliary Sergeant Hodgetts both attend the meetings.

## 2007 to 2009 Business Plan Report

2007 is the first year of the current three year Business Plan. The following chart is a synopsis of the objectives in each of the core functions of the Aylmer Police. A three year comparison was made to shows trends and directions towards goals set. The actual Business Plan and past reports may be accessed on our website [www.aylmerpolice.com](http://www.aylmerpolice.com). Fundamentally the Aylmer Police sought to increase community involvement and proactive policing while maintaining enforcement levels in an effort to reduce crime. Violent & Property crime rates remained constant while Domestic Disputes declined. School incidents declined with increased officer visits. Provincial Enforcement increased in Road Safety as did our training hours for officers. Large capital expenditures were spread out over the three year plan while the 2007 year end expenses were 1% under budget. A new platoon structure has allowed for better utilization of officer scheduling and providing more coverage to the community.

*The Business Plan continues to be the goals the Aylmer Police strive to attain. The actual ability to tabulate the results has been complicated by a change in provincial and federal accounting and records management applications. The spirit of the goals are still kept and re-evaluated to comply with a fluid environment. Public confidence and accountability are paramount to the Aylmer Police and its members.*
